

THE MEASURE

Of Length of Rural Routes to be Taken and Determined Soon

Bicycle with Cyclometer Attached will be Used to Ascertain Exact Length.

The new wage scale for rural route carriers was adopted by the postoffice department, July 1, and was drawn up by Fourth Assistant Postmaster General Bristow. He holds that while Congress fixed \$720 as the salary of rural letter carriers, the department has the undeniable right to scale down the wages of carriers with short routes.

Before long a man equipped with a specific type of bicycle wheel, with a cyclometer attached, will appear in this city to measure the rural routes.

He will be sent here by the postoffice department and it will be his duty to run his wheel over every free delivery route in the county; in order to determine the exact length of the routes in miles. According to the number of miles in each route, and irrespective of the number of persons the rural carrier serves, is the salary of the carrier to be apportioned, with \$720 per annum as maximum pay for the longest routes and \$432 as the minimum.

The rural carriers are not the only ones complaining of the "cut" in wages. The rural free agents are on the verge of stampeding, owing to the job they will have of finding not the length of their various routes. The bicycle wheel with which they are being furnished must be run over the route. Whether the agent attaches it to a carriage and runs it over by hand, or wheels it over from the back of a horse, is a matter of little concern to General Bristow.

"They will get the wheels," he said today, "and they have got to measure their routes. Until the routes are all accurately measured we will be unable to give a statement showing the salaries for the various routes."

All the route carriers out of Rushville have routes 24 miles except Finley and Aultman, Frank Redman's route having been extended, the extension to take place August 1st.

Several parties living near Mr. Aultman's route are asking for service, which if granted, will give him more than twenty-four miles.

The Appointed Victims

The Connersville Courier of this week says that the baseball game of last Sunday between the locals and Covington All-Collegians, was easy picking for the home boys. The score was 9 to 1. Lindsay did the twirling act for the locals. Next Sunday the Rushville team will play here. This contest is looked forward to with unusual interest. Rushville thinks she has the only ball players, and Connersville is determined to skin them.

American Canned Beef.

Minneapolis, July 14.—Advices received at Northern Pacific headquarters state that the heaviest order of canned meat to cross the Pacific has been successfully delivered on the Pacific coast and loaded aboard the huge ship Shawmut for transportation from Puget sound to Yokohama. The shipment consists of a rush order for 1,000,000 pounds of canned beef for the subsistence department of the Japanese army. It was handled from Chicago by the Northern Pacific in special trains of forty refrigerator cars.

A St. Louis Outrage.

St. Louis, July 14.—Meat from cattle alleged to have been affected with Texas fever and blood poisoning was captured yesterday by Chief Meat Inspector Stringer as it was being delivered to the poorhouse, insane asylum, female hospital, city hospital and emergency hospital. Inspector Satinger stopped the delivery and took samples of the meat, which he submitted to Health Commissioner Simon.

The oldest love letter in the world is in the British Museum. It is a proposal of marriage for the hand of an Egyptian princess, and it was made 3,500 years ago. It is in the form of an inscribed brick.

AT THE WORLDS FAIR

Miss Odear Writes of Her Trip as Rush County's Representative.

The Republican this morning received a letter from Miss Alma Odear, of this city, who was the winner of the World's Fair trip given to 150 ladies by the Cincinnati Commercial Tribune. It is as follows:
Editor Rushville Republican:

The Commercial Tribune Special arrived at the World's Fair grounds last evening and I was registered as one of the 6000 guests of the Inside Inn.

Have a lovely room on ground floor, the only inconvenience being that I have to walk as far as from here to Rushville, it seems, to reach the dining room.

The winners are receiving royal treatment at the hands of Mr. Eshelby, publisher of the Tribune and members of his staff, who accompany him.

A reception was given us at the Grand Hotel, at Cincinnati, on Monday evening and before leaving on the train in the morning each lady was presented with a bouquet.

A turkey dinner was also served in fine style at the Grand Hotel at Indianapolis. On board the train, luscious fruit was served and we were presented with guide books and a fancy box of bonbons and could have our pictures taken whenever desired.

The party, which is composed of the Tribune staff and the 150 ladies, ranging in age all the way from girls of seventeen to ladies of um—um—age, are all having a good time and seeing that everyone else enjoys themselves.

I again thank my friends for sending me on this very pleasant trip.
Yours Respectfully,
ALMA ODEAR.

Natnre Study

Beginning next week the Republican will publish in its daily and semi-weekly a series of articles on birds by Prof. W. O. Headlee, County Superintendent of Schools. One article will be published each week, and each species of bird found in Rush county will be treated at length telling how we may discern one from another, their habits, good and bad characteristics and the like. Prof. Headlee is well versed on the subject chosen and has made a close study of the bird family for several years. This feature of nature study is now becoming very popular, a special course is now being taught at Earlham. School teachers, pupils and other readers of this paper, by clipping these articles can obtain a work on birds that will be as good as can be procured anywhere.

Pupils Amply Repaid.

Among the best paid persons in the United States are the common school pupils, for their time in school pays them about \$10 a day, as it is thus figured out by an exchange: "The average educated man gets a salary of \$1000 per year. He works 40 years, making a total of \$40,000 in a lifetime. The average day laborer gets \$1.50 per day, 300 days in the year or \$450 a year. In 40 years he earns \$450 by 40, or \$18,000 in a life time. The difference between \$40,000 and \$18,000 of \$22,000 equals the value of an education in dollars. To acquire this earning capacity requires 12 years of school of 180 days each, or a total of 2160 days.

Divide \$22,000 value of education by 2160 number of days required in getting it, and we find that each day in school is worth a little more than \$10 to the pupil."

Carrie Nation's Protest.

Madison, Ind., July 14.—Two thousand people were at Beech Grove park yesterday, where Carrie Nation was the orator-in-chief. At the close she snatched from the wall an advertisement by a brewing company of Indianapolis, representing a woman holding a glass of beer, which she denounced as a slander to her sex.

Orderly Saloon Closed.

Muncie, Ind., July 14.—The W. C. T. U. has succeeded in driving out of business Joe Bennett, the only saloon keeper in the city who conducted a saloon with its sole entrance on an alley. It is said Bennett's saloon was orderly, and that he always observed the legal hours of closing.

TO BE PUSHED

Work on Traction Line to Move Forward Rapidly

Contract for Car Barn to be let Tomorrow—Other Traction News.

The work on the traction line has now reached the point where it can be pushed forward with the utmost rapidity.

Four car loads of crushed stone from Ludlow Falls, Ohio, arrived this morning over the Big Four, and will be transferred to the C., H. & D. and unloaded at the north end of Julian street tomorrow morning. As soon as enough stone is unloaded to fill half a square of the road bed the laying of the ties and rails will commence at the east end of Third street. The stone and rails will be hauled to this point on wagons and the track laying will then progress by means of the numerous benders, hydraulic jacks, drilling machines, hand cars, push cars and other machines used in that kind of work.

If there is enough crushed stone on the four cars to fill a half square the first spike will be driven by Judge Henley tomorrow afternoon. The road bed will contain 19 inches of crushed stone from the top of the rails to the bottom of the bed, and it is estimated that it will take about ten car loads of stone to the square. The machinery for the construction of the track is all here and is being put in working condition. After tomorrow the work will be kept going very rapidly as the stone will be coming in continually and the number of teams and workmen desired by the company have been secured and put to work.

Hill Vance, of this city, has been awarded the contract for doing the cement work at the corner of Third and Morgan and Seventh and Morgan streets and is to have the work finished by August 1st.

The contract for building the car barns is to be let tomorrow and the name of the successful bidder is to be made known at that time. The work on the buildings is to begin as soon as the contract is let.

The building is to be of brick, 104 by 205 feet. A space of 85 feet will be left between the building and Third street, in which will be laid five open tracks. The turn tables, etc., will be located just east of these. In the car barns, pits will be constructed beneath the tracks so that the workmen stationed there can work underneath the cars in repairing them. It is understood that Fred Cleveland of this city, will be awarded the contract for making the 600,000 brick to be used in building the car barns. A force of men has been engaged in filling up the grounds on the lot, where the barn is to be built and all these buildings which are now in the way will be torn down immediately. The building will face the west and the cars will come in on Third street, turn north on Julian, and east into the sheds.

A force of men has begun work on the concrete bridge to span Hodge's branch on Seventh street and will have it completed soon.

It now looks as though the company will have cars running by October 1st, should nothing happen to delay the work.

Argument Over Load of Hay

E. A. Lee and Mr. Ging, of near Ging Station, became involved in a quarrel over a load of hay and a fight resulted in which Mr. Lee attempted to strike his opponent with a pitch fork, but they got down in some manner and the fork was taken away from him and no one was seriously hurt. Mr. Ging swore out an affidavit before Mayor Stevens, charging Mr. Lee with assault and battery and the case is being tried this afternoon.

Connersville Take Notice.

The Greensburg Review says: "Shelbyville, Rushville, Osgood, North Vernon and Franklin have fallen victims to Greensburg on the ball field. If there are others who desire to have their measures taken let them make the fact known."

RUSH COUNTY BOY

Fatally Injured By Cars on Guilford on Big Four

Frank Reed, a freight brakeman on the Big Four road from Greensburg to Cincinnati, whose parents live in this county, was hurt fatally, it is reported, at Guilford, Ind., near Cincinnati, Monday evening, in an accident which happened to him while making a cut of cars. He fell from the end car on the cut and another car and the tender of the engine passed over his body, mangling him fearfully.

He was taken to a hospital in Cincinnati, and his parents, who live at Gowdy in this county, were telegraphed for. They left for his bedside Tuesday evening and yesterday they sent a telegram to Robert Crum, an uncle of the injured man at Shelbyville, telling of his critical condition. Reed is 23 years old and single. He is well known in this and Shelby county.

A DEADLY CRASH

Twenty Merrymakers Meet Death in Railway Collision on C. & E. I.

Panic Train Dashes Into an Open Switch at Glenwood, Ill., Near Chicago.

Chicago, July 14.—Twenty people were killed and about twenty-five injured last night in a collision on the Chicago & Eastern Illinois railroad at Glenwood, twenty-three miles south of this city.

The collision occurred between a picnic train from this city which was returning from Momence, Ill., and a freight train, in the rear end of which it dashed at a high rate of speed. The picnic train was on the right hand track coming north, and the freight was on the left track. A misplaced switch threw the picnic train over on the left track, and before the engineer could apply the brakes it ran at forty miles an hour into the rear of the freight. The engine, baggage car and first coach of the picnic train were demolished and all of the killed and injured were on the engine and in the two cars.

ABSENT FROM HOME

Was President Roosevelt When Miners' Committee Called.

Oyster Bay, L. I., July 14.—Concerning the visit to Oyster Bay of the committee representing the Central Labor Union of Lackawanna and Luzerne counties, Pennsylvania, Secretary Loeb has received the following telegram from John E. Barrett, editor of The Truth of Scranton, Pa.: "Did President Roosevelt personally refuse to see a committee of miners yesterday, as reported in this morning papers?"

In response to this inquiry Secretary Loeb sent to Editor Barrett the following telegram:

"Many thanks for your telegram. The committee came here and insisted on seeing the president to present a petition at a time when I could not arrange it for them. The president did not know they were here. If they had sent word that they desired to see the president I should have been glad to arrange for them at some convenient time. As it was I offered to bring the petition to the personal attention of the president. The statement that the president had any knowledge of the committee's presence in Oyster Bay is not true."

It was stated in the Associated Press dispatch concerning the visit of the committee that the president did not personally refuse to receive them. When the committee called on Secretary Loeb at the executive office the president was temporarily absent from Sagamore Hill. He was not even within telephone communication of Secretary Loeb, and the members of the committee were so informed.

A remarkable negro youth act as doorkeeper at the apostolic legation in Washington. His name is James J. Mattingly, he is twenty-one years of age, he feuntly speaks five languages, and is studying three more.

TWO ARRESTS

Have Now Been Made in the Starbuck Murder Case

"Bill" Lockridge a Chum of Gipe is in Jail—Will not Talk.

William Lockridge, aged 63, living near Greensboro, has been arrested on circumstantial evidence in the Starbuck murder case and is now in the Henry county jail.

Lockridge is a man of bad habits and has once been in the penitentiary. Lockridge and the father of Haley Gipe, the other suspect, were arrested seven years ago for robbing a store.

Lockridge will not talk, his former experience with the law having guarded him against making statements.

Some new evidence was discovered and is in the hands of the detectives. A number of statements made by Gipe have been found to be untrue.

A whiskey bottle, plug of tobacco and a torn up note are three things that have been found up to date.

Much evidence bearing out the theory that robbery was the motive was unearthed. The officers believe that Haley Gipe, now in jail at Newcastle charged with having been implicated in the murder, knows much about it. Gipe was before a court of inquiry and was searchingly questioned by Detective Curry. At times Gipe seemed to be rattled. At others his answers were slowly and deliberately made and he seemed to be studying them deeply before he made them. Curry's questions came like the shots from a rapid-fire gun and at times Gipe's answers were given as quickly as the questions were asked.

From the investigation the detective secured information that he said he thought would warrant the officers in making another arrest.

At Gipe's house the officers found a wet and mud-stained pair of overalls. At the well in which the bodies were found a button with a piece of cloth attached was picked up. This piece of cloth fits the rent in the overalls and the button is of the same make as the others on the garment.

At the sheep pens about 150 feet from the well, was found an empty whisky bottle. It is one of a variety made at Shirley, Ind. The task of tracing that bottle began yesterday afternoon. It probably came from Shirley. It had been filled with whisky and alcohol mixed. Starbuck, the officers say, never had any such bottle about his house.

A note for \$100 which had been made out by Will Starbuck was found in the garden torn to pieces. On the night preceding the murder the note was in a dresser drawer in the room in front of the one it is supposed that Mrs. Starbuck was assailed. This seems to positively establish the motive for the crime. Local interest is still at a high pitch.

Found Dead.

Lawrenceburg, Ind., July 14.—A post mortem conducted by Dr. S. H. Collins on the body of Jacob Montooth, laborer, found unconscious in the bulkhead of a coal barge Monday evening, and who died from his injuries later, indicates that the victim met with foul play. There were no abrasions on Montooth's body, as would have resulted from a fall. The authorities will investigate.

Probably Good Judgement.

Roger C. Sullivan, the new member of the Democratic national committee from St. Louis, declared Wednesday that it was not considered desirable by members of the national committee that William Jennings Bryan take the stump for the national ticket. Some days ago Mayor Harrison invited Mr. Bryan to speak at a ratification meeting which is to be held at Chicago in a few days.

Thought They Had Clew.

Newspaper reporters at Richmond for a time Wednesday thought they had a clew in the Ellis case. At police headquarters they were informed that information had been received that some one on South Sixth street could give the whereabouts of the missing minister. One of the reporters borrowed a policeman's bicycle and made a hurried trip to the house only to find a clairvoyant who said that the missing minister was in the East and would visit New York, but later would return to Richmond.

COUNTY CORRESPONDENT

To Lebanon Patriot Gets Witty In His Batch of News

The Lebanon Patriot has a witty correspondent whom we quote as follows:

Pike Jessup was seen going down the road Wednesday. What is the attraction, Pike?

(I don't know if you care to print it in the paper, but he was going for a jug of licker at Thorntown.)

Most of the farmers are through planting corn.

(Dog gone there pesky hides, half of them was so busy talking politics that they didn't even start planting. That's why so many of them are through.)

Bud Deskins has got him a new coon dog. He calls him "Butch."

(Ike Dishlater, over at Hazelrigg, reports the loss of a coon dog of this description.)

Bud Deskins thinks of being a mover. We are sorry to lose Bud from our midst.

(Bundle of switches was left on Bud's doorstep. Reckon he'll have to vamoose.)

Tony Dadspitts is on the puny list.

(Was hit over the head with a wagon spoke during a ruckus at the singing school at Royalton in the south part of the county the other night.)

Great Ball Game.

At Connersville this afternoon the business men of that city will play some of the young citizens. Francis T. Roots will pitch for the business men and E. W. Tatman plays second base which special features ought to be a great drawing card. The proceeds of the game will go to the Salvation Army.

May Settle Big Strike.

Chicago, July 14.—Arbitration of the grievances which precipitated the general strike in the meat packing houses in various parts of the country appears to be in sight and a conference between employers and strikers is being held today. The initial step toward a settlement of the controversy by mediation was taken late last evening by the state board of arbitration. When the members of the board reached Chicago they at once went into conference with Michael J. Donnelly, the leader of the strike, and listened to the story of his side of the trouble. The members of the board then interviewed the representatives of the packers and their side of the difficulty was heard. As a result of these two conferences Mr. Donnelly sent a communication to the packers in which it was said that the unions were willing to accept a settlement through a board of arbitration. No reply is expected from the employers before tomorrow, but it is confidently expected that their reply will be conciliatory because they offered to arbitrate the matters in dispute before the strike was called.

At every suggestion of calamity the
Democratic donkey pricks up his ears.

Every spoilsman deprived of power is
convinced that President Roosevelt
is unsafe.

Democratic spellbinders are denouncing
President Roosevelt as a theorist. They cannot understand a
man who does right solely because it
is right.

The American people have never yet
become enthusiastic in supporting a
party that has nothing better to offer
as an excuse for its existence than an
organized appetite for office.

It must be humiliating to the Demo-
cratic leaders to note that it is only
when their prospects of political suc-
cess are on the wane that commercial
and industrial interests begin to ex-
pand.

Every European nation that is itel-
ing for an opportunity to browbeat
South American republics and force
excuses for acquiring foothold on this
continent agrees with the Democratic
leaders that President Roosevelt and
his "aggressive foreign policy" are
unsafe.

Mr. Cleveland predicts that the tar-
iff will be the paramount issue in the
campaign. Mr. Cleveland's celebrated
tariff reform administration furnishes
every needed argument the voters
need to convince them that they do
not want any more Democratic tariff
tinkering.

Editors of Democratic papers
throughout the South are denouncing
the administration and asserting that
the workingman is being ground
down. At the same time, the South-
ern papers are filled with pleas for
workingmen who are wanted in the
mills and factories that are prospering
under Republican encouragement of
American industries.

Was not the telegram of Judge
Parker a trick—according to the well-
laid but secret plans of Belmont-Hill
et al.? Such an utterance from Judge
Parker before his nomination would
have meant this defeat and his friends

knew it. Hill played his game with
the utmost strategy. In order to con-
ciliate the Bryanites, Hill yielded his
gold plank and secured a unanimous
report on the resolutions. This
brought the "stand-patters" into line
and prevented a bolt from the con-
vention. When the Eastern Democrats
heard of the surrender to Bryan on the
financial question they were fur-
ious and it would not have been pleas-
ant for Eastern delegates to return
home with such a platform. Then
after Parker was nominated was the
time for a coup which was accom-
plished by the telegram. It was a fine
game, boldly played, but it set the
candidates straight on a crooked plat-
form. The whole business is a botch
and satisfies neither faction of the
party.—Shelbyville Republican.

STATE COMMITTEE MEETING

The Republicans in Session—Cam-
paign to Open in September.

Indianapolis, July 14.—A meeting of
the Republican state committee was
held this afternoon at headquarters in
the Hotel English. Most of the mem-
bers were present. Chairman Good-
rich was as mysterious as usual as to
the purpose of the meeting, but sev-
eral of the members said they had
been called together to talk over the
plan of campaign. Chairman Good-
rich and Secretary Sims have the or-
ganization well under way, but they
wanted to learn the exact situation in
the various localities so the men who
are in position to tell them were called
in. The Republican leaders seem to
feel that they have an excellent
chance of carrying the state by as
large a majority as was rolled up in
the campaign of 1900. A few even
are hopeful that the victory of two
years ago can be duplicated when the
head of the ticket had a majority of
over 30,000. Most of them, however,
will be elated with a 25,000 majority
victory, as they realize that the Demo-
crats are going to put up a much
harder fight this year than they were
capable of in the last two national
campaigns. One of the objects of the
meeting today it is said, was to fix
the campaign assessment of the vari-
ous candidates. It seemed to be the
consensus of opinion that the speak-
ing campaign will be formally opened
about the middle of September.

Complete returns have not been re-
ceived by either of the state commit-
tees from the six months poll. In
presidential years the state chairmen
always insist on this poll being taken
in every county, although many of the
party workers don't see the use of it.
The poll itself is never very accurate,
but in a way it is a rough draft of
what each party has in stock in the
way of votes. It also furnishes an
idea of where the most organizing
must be done. In spite of their indif-
ference the Republicans have been
somewhat worried over the situation
in some of the gas belt counties be-
cause many workmen have moved
away since the failure of gas. Prior
to the boom several years ago bring-
ing in thousands of new people a num-
ber of the gas belt counties were Demo-
cratic. Because the ranks of the
workmen have lately been depleted
there the Democrats have again been
figuring on recapturing some of the
counties. An official of the Republi-
can organization said today that the
six months poll shows the party to be
in good shape in the gas belt, but it
seems very probable that that section
will be a fierce battleground of the
ensuing campaign.

Apropos of the coming meeting of
the national committee in New York
the question has arisen as to whether
or not Temporary Chairman Taggart
should issue the call. The resolu-
tion adopted by the convention just
before adjournment provided that ex-
Chairman Jones should issue it, but in
the meeting of the committee at St.
Louis Sunday, when Taggart was
made temporary chairman, the right
of the convention to instruct the com-
mittee was discussed and the question
was unsettled. Taggart does not want
to do anything to hurt his chances, but
the question now is whether or not
he ought to wait on Jones or go ahead
and exercise his authority. One of his
close friends said today that he in-
tends to advise Taggart to let Jones
issue his call and to then issue a brief
request himself as temporary chair-
man. It is probable that several of
Taggart's Indiana friends will go to
New York for the meeting.

Whether or not the platform adopted
at the recent national convention is
satisfactory to the masses of the party,
it will be reaffirmed in full at the
Democratic state convention here
Aug. 3. Alonzo Greene Smith, who
will be chairman, Kern and several
other party leaders, said today that
there is no doubt but that the plat-
form will be ratified. Furthermore,
they expressed confidence that the
action will meet with the approval of
the party. The Democratic leaders
have not determined as yet what
state issues will be made paramount.

Mine Officials Under Bond.
Denver, Col., July 13.—William D.
Haywood, secretary-treasurer of the
Western Federation of Miners, and
John Morrill, editor of the Miners'
magazine, yesterday furnished bonds
of \$10,000 and \$5,000 respectively to
insure their appearance at Cripple
Creek next September for trial on the
charges filed against them in con-
nection with the riots at Victor June 6,
following the Independence station
dynamiting.

WAS FATAL FOLLY

Attempt to Beat Fast Train
With Automobile Ends
With Disaster.

WARNING UNHEEDED

By Occupants of Large Touring Car
---Engineer of Train Tries
to Stop.

Two Men Killed Outright and Third
Dies Soon After Acci-
dent.

Rockville Center, L. I., July 14.—
James Snyder of Brooklyn and Frank
J. Carroll of Amityville were instantly
killed and a man believed to be J. W.
Jewell of Brooklyn was so badly in-
jured that he died soon after as the
result of a collision between a big
touring automobile and a train on the
Long Island railroad at Mercent road
crossing last night.

The automobile with its occupants
was apparently racing with the train
and was ahead as it approached the
crossing. The flagman at the cross-
ing waved his flag and his lantern as
a warning and the engineer of the
train, which was going at full speed,
reversed the engine and blew his
whistle, but the automobile shot on
into the turn and upon the track.
Jewell was thrown high in the air and
landed sixty feet from the rails. The
car with its two other occupants
crushed in the wreckage was carried
500 feet on the cow-catcher of the
locomotive.

Oku's Big Army.

Chefoo, July 14.—A dispatch from
New Chwang says: "Japanese scouts
were seen this morning at Black
Woods pond, six miles south of here.
General Oku with 50,000 men is ad-
vancing rapidly between this place
and Ta Tohe Kiao."

Great Battle On.

Chefoo, July 14.—Private advices
just received from New Chwang in-
dicate that the long-expected battle
between Kai Chou and To Tche Kiao is
now in progress.

Report of Port Arthur's Fall.

London, July 14.—There is pub-
lished this morning a rumor that Port
Arthur has fallen, but it is discred-
ited and lacks confirmation of any
sort.

Launching of a Ship.

London, July 14.—United States
Ambassador Choate, replying to Lord
Inverlyde at the launching of the
Caronia, said he hoped the Stars and
Stripes and the Union Jack which
adorned the Caronia would never be
further apart. They were emblematic
of unity, friendship and good will. He
was, he said, a strong advocate of
close and friendly communication be-
tween the United States and Great
Britain, and no organization during
the last few years had done more
than the Cunard Steamship company
to promote that feeling.

Flagged Train in Time.

Belleville, Ill., July 14.—A passen-
ger train on the Louisville & Nash-
ville was saved from being wrecked
by Cornellius Schaidler, a city scav-
enger. He ran through a blinding
rain for nearly a quarter of a mile and
flagged the train, which had on board
a load of World's Fair excursionists.
A heavy wild storm had blown an em-
pty boxcar from a siding on to the
main track.

Mystic Shrine.

Atlantic City, N. J., July 14.—Strenu-
ous activity was the feature of the
opening session of the Mystic Shrine
here yesterday as the 10,000 or more
members marched in two parades,
banqueted, indulged in a trip on the
ocean, transacted considerable busi-
ness in the conference of the dele-
gates, and wound up the day by at-
tending a social session at the Elks
hall.

Louisiana Lynching.

Natchez, Miss., July 14.—Incoming
passengers on the Natchez & South-
ern Railway report that a negro was
lynched yesterday afternoon at Clay-
ton Station, Louisiana, eighteen miles
northwest of this city, for assaulting
Jesse Hilliard, a sawmill foreman,
with a spade. Hilliard was brought to
Natchez. His wound is dangerous but
not necessarily fatal.

Georgia Boy Kills.

Dublin, Ga., July 14.—Information
has reached here of the killing of Mrs.
Robert Floyd in Lowry district, this
county, by Malcolm Currie, the thir-
teen-year-old son of Mrs. Elmira Currie.
Young Currie shot Mrs. Floyd six
or seven times and then shot Mrs.
Thomas Floyd, his sister-in-law, in
the side, inflicting a serious but not
dangerous wound.

Abel Can Ralce Cain of \$75,000.

New York, July 14.—The judgment
for \$75,000 awarded by a jury to El-
eazar Anderson in a suit against
James N. Abel for alleged breach of
promise was vacated yesterday by
the appellate division of the supreme
court, which finds that the service of
summons and complaint in the case
were defective.

HARD LUCK

Nominee for President in Clutches of
Red-Eyed Law.

East St. Louis, Ill., July 14.—Wm. P.
Scott, candidate for president of the
United States on the National Liberty
party ticket, was arrested here yester-
day on account of an unpaid fine.
Several months ago Scott, who runs a
saloon and summer garden at Denver
Side, was convicted of conducting a
disorderly place and his fine and the
costs amounted to \$149.80. He paid
\$50 and was given time to pay the
balance.

Postal Receipts for Cities.

Washington, July 14.—The gross
postal receipts for the fifty largest
postoffices in the United States for
last month as compared with June,
1903, were \$5,467,498, an increase of
more than 6 per cent. The highest
increase was 21 per cent at Peoria,
Ill. Decreases were reported by Phil-
adelphia, Brooklyn, Buffalo, Roches-
ter, Columbus, Worcester and St. Jo-
seph. New York receipts increased
almost 6 per cent. Chicago increased
over 8 per cent. The receipts at St.
Louis, where the exposition has
swelled the postal business, increased
17 per cent.

A Refuge for Bribers.

Paris, July 14.—The adjournment
of parliament yesterday, without the
passage of the bill providing for a
revision of the extradition law indefi-
nitely postpones the negotiations of
Washington for the inclusion of bribe-
ry among extraditable offenses. The
foreign office had previously advised
the American embassy that the gov-
ernment was unable to act until par-
liament passed the bill. The govern-
ment's income tax bill also goes over
Premier Combes, stating that parlia-
ment will be assembled in the middle
of October for the purpose of taking
up this measure.

Attempted Assault.

Columbus, Ohio, July 14.—Twelve-
year-old Rose Stoker was the victim
of an attempted assault by a young
white man on the outskirts of the city
yesterday. The girl had taken dinner
to her father, who is employed at the
sewage plant, and was returning home
along a railroad track when attacked.
The girl fought and screamed until
her assailant became frightened and
fled. A large crowd quickly gathered
and went in pursuit and later the po-
lice joined in the chase, but the man
escaped. The police believe, however,
they know the man and expect to cap-
ture him. The girl suffered numer-
ous bruises in the struggle, but her
condition is not serious.

Illinois Doctor Extradited.

New York, July 14.—Dr. P. R. Lang-
don, wanted at Kankakee, Ill., on a
charge of murder, arrived here yester-
day on the White Star liner Ma-
jestic, in the custody of Sheriff H. A.
Cyrier and Deputy M. A. Baker of
Kankakee. The prisoner was accom-
panied by his wife. On the 18th of
last April, a Mrs. Carr of Kankakee
died as a result of an operation which
it is alleged she accused Dr. Langdon
of performing. Before the physician
could be arrested he disappeared. He
was traced to Chicago and from there
to New York, where he sailed for
Europe. He was arrested as he
stepped ashore at Liverpool.

Bonesteel Booming.

Bonesteel, S. D., July 14.—Nearly
15,000 persons have visited Bonesteel
since the opening of the registers for
entry on the Rosebud Indian reserva-
tion last week. The greater part of
these people have registered and the
crowds continue to come in daily.
The authorities have been remarkably
successful in preserving quiet and pre-
venting disorder. The town council
has forced undesirable persons to
leave whenever they put in their ap-
pearance. The government land office
has been able to accommodate the
crowds without inconvenience and
few have been forced to stand in line
any great length of time.

Bryan Not to Speak.

Chicago, July 14.—Roger C. Sull-
ivan, the new member of the Demo-
cratic national committee from St.
Louis, declares that it was not con-
sidered desirable by members of the
national committee that William Jen-
nings Bryan take the stump for the
national ticket. Some days ago May-
or Harrison invited Mr. Bryan to
speak at a ratification meeting which
is to be held in this city in a few
days.

Have you read that very interesting
magazine, *The Smart Set*?

BAR-BEN NERVE FOOD

Builds up the Body, Brain and Nerves.

It destroys the germs and microbes in the blood, expel-
ling the morbid, unhealthy matter which irritates the ner-
vous system and breaks down the vitality of men and women.
Bar-Ben is the truly scientific, natural
and positive cure for all nervous diseases,
lost vitality, night emissions and excesses,
the effects of over-work, worry, brain fatigue,
the excessive use of tobacco, opium or liquor.
No matter what has caused your trouble,
Bar-Ben will bring you back to health.
Don't wait another day, get some Bar-Ben
and begin taking it. The sooner you com-
mence, the sooner your weakness will
disappear.
All druggists, or mailed on receipt of price, 50 cents.

A WONDERFUL INVENTION.

It is interesting to note that fortunes
are frequently made by the invention of
articles of minor importance. Many of
the most popular devices are those de-
signed to benefit the people and meet
popular conditions, and one of the most
interesting of these that has ever been
invented is the Dr. White Electric
Comb, patented Jan. 1, '99. These
wonderful Combs positively cure dand-
ruff, hair falling out, sick and nervous
headaches, and when used with Dr.
White's Electric Hair Brush are posi-
tively guaranteed to make straight hair
curly in 25 days' time. Thousands of
these electric combs have been sold in
various cities of the Union, and the de-
mand is constantly increasing. Our
agents are rapidly becoming rich selling
these combs. They positively sell on
sight. Send for sample, Men's size 35c.
ladies 50c—(half while we are introduc-
ing them.) The Dr. White Electric

UNRIVALED SALE!!

of Fine Ready-to-Wear CLOTHING A N D FURNISHING GOODS

For Men, Boys and Children

NOTHING RESERVED

Our entire stock of \$20,000 value will be sacrificed, slaughtered, in a 10 DAYS' SALE, the like of which is not in the memory of the oldest inhabitants. All of our fine "Benjamin, Hart, Schaffner and Marx and other fine custom-made clothing, all of our Stetson, Dunlap, Roelofs, Young Bros. and Hawes shapes of hats, all our Cluett, Monarch and other makes of shirts, the matchless Royal make of boys' and children's suits, Wilson Bros. fine underwear, half-hose and other furnishings, Dents' and other makes of gloves, nothing is reserved, and the bottom has dropped out of prices.

We have a rule not to carry over Summer stock and allow unseasonable accumulations to reflect on the new stock for the season following. This price-cutting is unusual, but it is better to DO IT NOW than a year hence. You will not doubt our sincerity after an examination of our stock and prices, and stimulated by the many real bargains, YOU WILL BUY. You may buy more than you need, and to meet this emergency, we will refund your money, or exchange for other goods any purchase unsatisfactory for any reason of your own, no matter how slight. But the exchange must be made either within the 10 days of the sale or not later than one week after the sale. We cannot here give EVERY detail of our \$20,000 STOCK, but name only a few of the SENSATIONAL BARGAINS. Every article is guaranteed as represented.

RUSHVILLE, IND., JULY 14, 1904

LOCAL BREVITIES

Misses Rema and Mamie Guffin entertained Tuesday evening of this week.

Markle & Gonsell shipped a car load of hogs to the Indianapolis markets this morning.

The Milroy base ball club has leased a piece of ground from Albert Vansickle, near the town, and will play there in the future.

A new street crossing has been put in on the south side of Third street at the intersection of that street and the P. C. C. & St. L. railroad.

Sipe's dog and pony show which gave two performances here yesterday, is at Greensburg today. The performance last night was well attended.

The reading circle books have arrived at the county superintendent's office, where they can be inspected and orders left for them. The teachers' reading circle books have also arrived.

Read "Rush County's Birds," by Prof. W. O. Headlee, which will appear in this paper each week, beginning next week. Clip it and you will have a work on domestic birds well worth your trouble.

The New Bremen, O. base ball team which has been playing in Rushville for the past two days, went to Greensburg this morning, where they will line up against the team in that city today and tomorrow.

Prof. Headlee is preparing a work on the birds that live in Rush county. His work will be published each week in the Republican, beginning next week. Read it and see how little you know of your winged neighbors.

"Love for nature is cultivated by observation." Read Prof. Headlee's observations of the life and characteristics of "our own" birds and profit by his diligent study of the subject. Begins next week in the Republican.

It is rumored that "Hans" Wagner, pitcher for the Rushville base ball team, has had an offer from the Cedar Rapids Iowa Three I League team, but Mr. Wagner as yet has received nothing definite and expects to stay in Rushville.

Manager Geraghty, of the Rushville ball team was at Indianapolis this morning and engaged the services of pitcher Roder, of the Indianapolis Reserves, to pitch one game each week for Rushville. Roder will pitch for the Reserves on Sundays. He will probably pitch Monday's game against Greensburg in that city. While in the Capital city, Manager Geraghty purchased new caps and belts for the Rushville club from Charles Mayer & Co.

Johnson says

Those CIGARS are always good. There is never any doubt about getting just the kind of a cigar you want from our cigar case. In the first place we buy nothing but brands that has stood the test of particular smokers. Then we have the variety in colors from light to dark cigars; last but not least, we keep our cigars right—just moist enough.

HARGROVE & MULLIN

Guaranteed to Cure or your Money Returned

A crowd of young folks will go out on Flatrock this evening on a fishing trip.

Dr. Will Smith is having the front of his business room on Second street repainted. G. P. McCarty is doing the work.

Work is progressing nicely on the new school house at Falmouth. The contractor is out of brick and stone at present.

J. A. Osborne's aged grandmother, who is visiting him at the present time, is suffering from a badly sprained ankle and foot.

Two workmen from the T. Roch Iron Works, of Indianapolis, are here building an iron staircase to the west side of the Poundstone building, corner of Morgan and Third streets.

Mrs. Fannie Havens entertained a number of her friends this afternoon at the home of her daughter, Mrs. John P. Frazee, on Main street. Refreshments were served and an enjoyable time was spent by all. Several out-of-town guests were present.

Hugo Moffett, son of Mrs. George Moffett, while delivering his papers last evening undertook to walk through a lot of ashes, near Case's saw mill in the new addition, which he thought were cold, and severely burned his feet. Dr. Coleman was called and dressed the wounds. Young Moffett will be confined for several days as a result.

KATE SULLIVAN

Law Takes the Lives of Her Slayers—Atrocious Crime.

Columbus, Ohio, July 14.—The crime for which Ben and Al Wade were electrocuted last night was the murder of Kate Sullivan, one of two aged spinsters who lived alone on a dairy farm about five miles west of Toledo, on the night of April 14, 1900, and the motive was robbery. The women lived in a most economical manner, but were generally supposed to have considerable money. Kate Sullivan was sixty years of age, about six feet tall and very strong.

On the night of the murder she opened the door in response to a knock and was confronted by two men who wore red handkerchiefs tied over their faces, and slouch hats. One was tall, the other undersized. The taller knocked Kate Sullivan down, struck her with a club and both began kicking her and beating her about the head with willow clubs. The sister, Joanna, hearing the noise, ran out of an adjoining room and was at once attacked by the men, who beat her into insensibility.

The men gagged their victims and bound them hand and foot with strips torn from a table cloth, then ransacked the house, securing upstairs a little sack containing about \$200. When the robbers departed they locked the door and left in the yard a bag and the clubs used and a cap which was thrown away, the murderers having taken in its place a hat belonging to a dead brother of the women. Later Kate Sullivan succeeded in working her wrists free, untied the bands on her legs and, despite her fearful wounds, she crawled to a neighbor's home a quarter of a mile distant and gave the alarm. The following morning she died just before dawn. Her sister, Joanna, who it was thought could not live two days, finally rallied from the fearful abuse and was restored both in mind and body. She was the chief witness in the trial of the Wades. No definite clue to the perpetrators of the tragedy was found until nearly two years later, when in the private office of an Upper Sandusky officer, a quarrel between Ben Wade and Ben Landis attracted attention to their possible knowledge of the case.

LOST a mathematical drawing set, some place on Perkins or Main or in that vicinity. Finder please return to Gladstone Barrett and receive reward.

Excursionists to the World's Fair Can avail themselves of good accommodations for reasonable rates by writing to Rev. Julius F. Schwarz, Connerville, Ind.
